Woman : Yes, it is. We had a good time there.

Woman : Oh, the girl on the right.

Man : You mean the one with a hat on?

Woman : No, that's my cousin. My sister is sitting in front.

Woman : That's right.

Woman : Robert, when is the most convenient time for you?

Man : How about Tuesday afternoon?

Woman : I'm afraid I have something to do that afternoon. How about at 2:00 on Wednesday?

Woman : That's fine with me.

Woman : You know, air pollution is a big problem.

Man : No doubt about that. Gases from automobiles are dangerous. They are mainly responsible for air pollution.

Woman: Right. Then, let's put it in front of window. Wait! It's too close to the piano.

Man: I guess you're right.

Woman: Well, why don't we put it next to the piano?

Man: You mean between the piano and the TV set?

Woman: That's it.

Before I became a tour guide, I used to work at a motor company as a car salesman. For a while, I enjoyed the job and worked hard. I had to sell at least ten cars a month. It was so stressful that my health went bad. I had to be in the hospital for a couple of weeks. Then I made up my mind to change my job. Now I'm very happy with my job as a tour guide.
